Objective of the Event-

- To create awareness about cyber security among the students.
- To give knowledge of cyber security law.
- To create awareness about tricks of safety from cyber security.

Cyber security workshop was designed as per the above stated objectives. In the present, there are so many incidents happened as cyber frauds. Such types of information is very much important. Students of economics should be full of knowledge about economic planning. Hence this event was conducted. This workshop was successfully conducted on 08/02/2025.

Program started with the Sant Gadge Baba University song. In the beginning, organizer Dr Pankaj Tayde introduced about the guest and theme of the workshop.

Keynote speaker of the event was Mr. Pankaj Tayde, sales tax inspector Mumbai. He has expertise in technological use. He always conducts such types of seminars throughout educational institutions. Mr. Tayde gave very important and meaningful knowledge in his speech. Safety behavior is very important for every person while online working. It should be maintained carefully.

Everyone should be aware while operating technological tools. Because, there are many fraudulent institutions who tried to acquire credentials. Hence, we should be alert to identify such types of agencies. Systematic operations are needed in the present. He also guided about safety tricks.

Chairperson Dr V C Kharode gave his presidential speech. He congratulate to organizer for the grand conduction of event. Every person should go through online transactions. But plan for safety is also compulsory.

In the beginning of event Dr Pankaj Tayde gave the introduction of event and keynote speaker. Prof Ranjit Hiwrale put vote of thanks. Forty-four students of department were attend the workshop.

A handwritten signature in black ink, appearing to read "Pankaj Tayde", written over a horizontal line.
